State Aid Experts Second Calls for proposals

www.blacksea-cbc.net

1. BACKGROUND

The Interreg NEXT Black Sea Basin Programme is an EU cooperation programme between EU Member States with neighbouring countries/regions along the EU external borders.

The Programme eligible area involves eight countries, some of them including their whole national territory (Armenia, Georgia and Republic of Moldova), while the others include those regions closest to the Basin (Bulgaria, Greece, Romania, Türkiye and Ukraine).

The Programme aims to strengthen existing links between participating countries and build new ones in the fields of research and innovation, environmental protection and actions for a competent and resilient region. Its goal is to establish long-lasting transnational links within the Black Sea Basin by financing projects which should deliver clear transnational cooperation impact and benefits, and which demonstrate sustainability of their actions, and synergies and complementarities with other actions in the same field.

Detailed information about the Programme priorities and objectives is available at the following link: <https://blacksea-cbc.net/interreg-next-bsb-2021-2027/priorities-and-objectives>.

2. PURPOSE

The scope of the selection of the state aid experts is to support the Assessment Working Group (AWG) in the qualitative evaluation (strategic and operational) of applications submitted within the second call for proposals under the Interreg NEXT Black Sea Basin Programme.

The second calls for proposals within the Interreg NEXT Black Sea Basin Programme (for regular projects and for small scale projects) was launched on 29 March 2024, with deadline for submission of proposals on 28 June 2024.

The submitted applications will be examined and evaluated by the National Authorities and Joint Secretariat (JS) with the support of external assessors, as follows:

1. **administrative and eligibility compliance check** - to be carried out by assessors nominated from the Joint Secretariat own staff and National Authorities representatives;
2. **quality assessment (strategic and operational)** - to be carried out by external assessors, in accordance with the evaluation criteria set out in Annex 7 - Quality Assessment Grid to the Application Packs for small scale and regular projects and with the Guidelines for Assessment and Selection of Applications.

During the quality assessment stage, the **State aid compliance check** will also be carried out by state aid experts in accordance with the Annex 8 -State Aid Assessment Grid of the Guidelines for Grant Applicants for small scale and regular projects and with the Guidelines for Assessment and Selection of Applications.

It is envisaged the **selection of 2 state aid experts**. A reserve list shall be established and the number of experts may be increased in accordance with the number of applications to be assessed.

In this respect, the Joint Secretariat (JS) within South East Regional Development Agency (SERDA) invites the interested candidates to submit their applications in compliance with the requirements mentioned below.

3. TASK

The main task of each expert is to undertake the assessment of the State aid compliance of applications submitted under the second calls for proposals (for regular projects and for small scale projects) within the Interreg NEXT Black Sea Basin Programme, paying particular attention to the following:

- Analysis of the activities in order to determine if the criteria defining State aid are met;
- Assessment on the occurrence of indirect State aid to third parties outside the project, benefitting of project activities as target groups, including the identification of the concerned project activities, deliverables and outputs.

Assessment of applications shall be made exclusively online, by using the electronic monitoring system of the Programme (JeMS) on the basis of information included by applicants in the application forms, in English language and in the time frame allocated by the coordinator of the assessment process.

An online briefing meeting including a training session on how to perform the assessment in JeMS during the quality assessment process shall be provided to all assessors/state aid experts before starting the assessment process. Moreover, throughout the entire assessment, if needed, the JS will provide support regarding JeMS to all assessors/state aid experts.

The state aid compliance assessment of each application will be carried out by one expert, in English language, in accordance with the evaluation criteria set out in Annex 8 - State Aid Assessment Grid to the Application Packs (<https://blacksea-cbc.net/interreg-next-bsb-2021-2027/calls-for-proposals/second-call-for-proposals>) and with the Guidelines for Assessment and Selection of Applications for the 2nd Calls for Proposals, which provides detailed instructions on how to score and to assess using the JeMS.

Based on the JeMS access rights, each state aid expert will independently carry out the assigned duties, performing cross-checks of the information included in the application forms (correlation between different sections and its annexes, as applicable).

To document the work carried out for each assessed application, the state aid expert is expected to complete the sections of the **State Aid Assessment Grid**, providing comprehensive information to justify the presence or absence of State aid as well as providing recommendations on:

- a) how the activity can be adjusted so that potential state aid incidence is eliminated without affecting the nature of the application,
or
- b) recommendation to reject the application in case any adjustment may alter or affect the nature of the application.

As their comments will be used to provide feedback to applicants, state aid experts **must draft their comments in English** and must pay particular attention to clarity, consistency and appropriate level of detailing.

In case of insufficient information for a correctly **State Aid Assessment**, clarifications can be asked, through the coordinator of the assessment process.

In case of any beneficiary complains regarding the **State Aid Assessment**, the analysis and resolution of those appeals will be concluded according to the provisions of the Application Packs and Guidelines for Assessment and Selection of Applications.

As part of the assignment, and if needed, the state aid expert has to ensure her/his availability to discuss their assessment with the MA/JS.

4. GENERAL REQUIREMENTS

In carrying out the state aid compliance assessment, the state aid experts must:

- Have good knowledge of the Interreg NEXT Black Sea Basin Programme (<https://blacksea-cbc.net/interreg-next-bsb-2021-2027/programme-documents>), the Application Packs (<https://blacksea-cbc.net/interreg-next-bsb-2021-2027/calls-for-proposals/second-call-for-proposals>) and the Guidelines for Assessment and Selection of Applications (which shall be provided by the JS at the beginning of the assessment process);
- Follow the instructions provided in the Guidelines for assessment and selection of applications and of the coordinator of the assessment process;
- Use the JeMS and assess the applications according to the State Aid Assessment Grid, as annexed to the Application Packs;
- Know the content and structure of the application form;
- Comply with the rules defined by the Programme for ensuring the impartiality, confidentiality and avoidance of conflict of interest of the evaluation process. State aid experts must be aware that failure to comply with these rules shall result in exclusion from the assessment process;
- Immediately inform the coordinator of the assessment process if during the evaluation, she/he discovers being directly or indirectly connected with an application, which she/he has been asked to evaluate and which impairs her/his impartiality;
- Follow the deadlines for finalizing the evaluation of the assigned applications;
- Be available (by video conferencing platforms, email or phone) for the Assessment Working Group, Monitoring Committee meetings if further explanations on their work are required.

State aid experts must ensure reliability and commitment to deliver high quality outputs in due time.

Each candidate shall submit, together with his/her CV and supporting documents, a **Declaration of Availability (Annex 1 to this ToR)** stating that the tasks to be performed have been understood by the candidate and that he/she is available for the job and committed to deliver the tasks in time.

Candidates should also be aware of the provisions of the **Declaration of Impartiality, Confidentiality and Avoidance of Conflict of Interest**, which will have to be signed before starting the evaluation. (Annex 2 to this ToR).

5. EXPERTS' PROFILE

Experts shall have relevant competences and professional experience in State aid. They should meet the following requirements:

- a university level degree certified by a diploma or other document with the same legal value issued by the authorities of the State of domicile or residence;
- have experience in assessment processes with focus on state aid at project level. The proof of experience will be demonstrated with relevant and detailed information included in the

Curriculum Vitae. Please be aware that relevant documents regarding previous concluded service contracts, recommendations or any other similar documents issued by final beneficiaries of contracts or employer, which confirms the required experience will be asked by SERDA-JS before signing the work contract and in case they are not available, SERDA reserves the right to no longer sign the contract with the respective assessor;

- **Resume (CV)** (using the Europass format) - in English language (PDF format) - please provide in your CV information related to state aid incidence assessment processes (please see above what should be understood by process) in which you have been involved (e.g. name of programme, year of the call); if the case, the experts must also include in their CVs information related to the number of state aid incidence assessment processes in a transnational/interregional/cross-border cooperation programmes; the CV will also include contact information of at least 2 persons that might be contacted for information related to your past experience in state aid incidence assessment processes.
- **Declaration of Availability** - signed (PDF format) - See attached template (Annex 1 to this ToR);
- Valid identity document and marriage certificate, if applicable, if the name is changed;
- **Declaration of the applicant regarding personal data** - template in English language provided, signed (handwritten or electronically) - (Annex 3 to this ToR).
- **Professional Experience** - See attached template (Annex 4 to this ToR);

All documents listed above should be sent by email to the following e-mail address: **recruitment@adrse.ro.**

Please be aware that in case of identifying false information in your CV at a possible verification of the information contained, you will be excluded from the selection/recruitment process.

THE DEADLINE FOR SUBMITTING APPLICATIONS IS 2nd OF SEPTEMBER 2024. This deadline may be extended in order to have a sufficient number of applications which could allow the selection/recruitment of high quality and experienced experts. In case the deadline will be extended, the information will be posted on the Programme website www.blacksea-cbc.net. Nevertheless, please consider **2nd of SEPTEMBER 2024** as deadline for submitting the applications.

Only applications received by the deadline set in this announcement will be further evaluated. Thus, you must ensure that the email with your application is received in due time.

Each application submitted within the deadline will receive a registration number, and in order to comply with the legislation on personal data, it will be used throughout the selection/recruitment process of state aid experts.

7. SELECTION PROCESS

The selection of experts is carried out by a committee established by Decision of the Director of SERDA, based on the registration files submitted within the deadline specified in the announcement. Only applicants who meet the cumulative selection criteria described in this document will be selected.

The selection process shall consist of **Selection of CVs**.

The CVs and supporting documents submitted (according to the list in the Application procedure) shall be examined in order to assess the compliance with the requirements.

Experts will be selected on the basis of the number of state aid incidence assessment processes in which they have been involved as state aid experts, under national, European or international funding programmes;

A state aid incidence assessment process under a programme (national, European or international funding programme) should be understood as state aid assessment of one or several projects submitted under a unique call for proposals or covered by a service contract.

The number of processes will be scored by using the following method: for 1 process - 1 point; for 2 processes - 2 points; for 3 processes - 3 points etc.

In case of equal final scores, the number of state aid incidence assessment projects financed in transnational/interregional/cross-border cooperation programmes will be considered, by counting them and ranking the applicants in descending order.

The first **two experts** who will receive the highest number of points will be contacted by SERDA. In case one assessor is not available, the next one on the reserve list will be contacted.

All candidates will be informed on the results of the evaluation by e-mail, according to the indicative timetable. Following the announcement of the results, any rejected applicant may submit a written complaint by e-mail to the address recruitment@adrse.ro, within 2 working days from the date of the email announcing the decision of SERDA.

The appeals submitted are analysed by the appeals committee, established by Decision of the Director of SERDA.

The assessment work of project applications it is envisaged to start in October 2024 and end in March 2025. Please note that the above-mentioned timeline is indicative and the assessment may start later, once the recruitment and employment processes have been finalized.

8. CONFLICT OF INTEREST AND CONFIDENTIALITY

To ensure the independence of the state aid assessment performed, the experts will have to sign a **Declaration of Impartiality, Confidentiality and Avoidance of Conflict of Interest** and that she/he commits to inform the coordinator of the assessment process if any conflict should arise during the assessment phase. A conflict of interest exists if the impartial and objective function of an expert is jeopardized due to reasons involving family, economic interest or any other pecuniary interest shared

with the applicants. Throughout the assessment process the expert must ensure the confidentiality of the information and documents as provided by the MA/JS. This shall be certified by the selected expert by signing a declaration - **see template attached (Annex 2 to this ToR)**.
